

Training is currently available only for designated representatives of Local Health Departments (LHD).

If your role falls under that responsibility, please return to the registration page and choose that specific group. If your role does not include that responsibility, additional training will be scheduled in the future and communicated from the MCiR Help Desk.

For additional information, please contact one of the Education and Training Analysts listed below.

South Region

MDHHS-MCIR-South@michigan.gov
